

EXHILARATING

Austin Koerth's monthly Newsletter

September 2015

This month has been an "exhilarating" month. I have been really busy with Fort Bend County Fair, however I have still made time for my Houston steer. During the fair I had my county steer "Watt" and showed him the 26th, we won Reserve overall English steer. I was pretty much sleeping at fair... but I always set aside time to work with him. I have changed his food to 6 scoops of feed so we can put some weight on him. I have had to fill up the water a lot more because of this heat. I will keep working hard and busting my butt to make him look great. We let him out into the pasture to run some and stretch his legs, and he loved it. He ran, ran and ran!! He slept great the next night. I am so joyed to have this experience and I hope we have as much lucky with this steer has I did with my county steer.
